

Visit of Prof.J.P.Verma to Qatar University, Doha as a resource person for conducting Second Global Training on Research Designs and Data Analysis for Empirical Researchers

(6-7 February 2017)

http://www.qu.edu.qa/global_training_2017/speakers.php

Visit Sponsored By: Qatar University, Doha

Prof. J.P.Verma was invited by the “Office of the Faculty and Instructional Development and Department of Mathematics, Statistics and Physics, College of Arts and Science, [Qatar University](#)” for acting as a resource person to conduct sessions on research designs and data analysis for the research scholars and faculty during 6-7 February 2017. During two days programme two sessions were conducted by Prof. Verma. The topics included understanding research data with SPSS, design of experiments and repeated measures designs. This visit was sponsored by the Qatar University Doha.

Dear Prof. Verma,

The Office of Faculty and Instructional Development and the Department of Mathematics, Statistics and Physics, College of Arts and Sciences at Qatar University, are pleased to invite you to participate in the “*Second Global Training on Research Designs and Data Analysis for Empirical Researchers*” that will be held on February 6-7, 2017 at Qatar University and “*The Workshop on Research Methods and Statistical Designs for the Medical Researchers*” from February 2-5, 2017.

The Global Training event purposes for this year will be the following:

- Acquainting participants in using different statistical techniques in analyzing their research data.
- Acquainting participants about various considerations in designing an experimental study.

Your expertise and experience in the field of research designs and data analysis will be an excellent addition to our Global Training event as Qatar University faculty members look forward to learning from your work and sharing experiences on this important topic.

More details on the training schedule are available on the attached file. Kindly note that your stay at Qatar university is arranged to be from February 1, 2017 to February 9, 2017. For further information on the training, please contact the chairman of the organizing committee **Dr. Abdel-Salam Gomaa** at abdo@qu.edu.qa.

We look forward to a positive confirmation.

Sincerely,

Dr. Arslan Ayari

Director of the Office Faculty and Instructional Development
